Petition to the House of Commons in Parliament assembled, WHEREAS

Canadians are opposed to the Central Bank Digital Currency, as debt slavery is against Canadian's rights and freedoms.

- Given the actions of the government on forced medical procedures (bodily autonomy is a right), travel restrictions (mobility is a right), peaceful protest (assembly and association is a right) and state sponsored propaganda and censorship (freedom of speech is a right);
- Given the historic failures of the fiat banking system to manage public funds and the government's failure to properly regulate fiat banking;
- Given that in 1974 Pierre Trudeau removed the constitutional right from the Bank of Canada to issue 0% interest loans – and the National Debt has soared ever since;
- Given the Four Pillars (Glass-Steagall) take down in 1992, the rampant usurious banking fee practices, the fractional reserve banking system, the quadrillion global derivatives bubble and the 2 fold increase of the \$600 billion CMHC insurance bubble by the Harper government;
- Given the secret Canadian government “too big to fail” Bank bail-out of approximately \$114 billion of taxpayer money in the 2008-2010 financial crisis – and unlike the 26 corrupt bankers in Iceland who received 74 years in prison, Canadian bankers experienced no criminal charges for the fraud;
- Given that in the Liberal Federal Budget introduced in 2016 – under chapter 8 – Tax Fairness and a Strong Financial Sector, is the section titled “Introducing a Bank Recapitalization 'Bail-in' Regime, again fails to hold banks accountable;
- Given Parliamentary Budget Officer Yves Giroux recently stated the deficit will rise 41% in 2023-2024 of \$43.1 billion – and the US Securities and Exchange Commission Canada CIK#0000230098 has a 3 trillion dollar bond at 1.625% due January 22, 2025 payable out of the Consolidated Revenue Fund of Canada;
- Given Bitcoin crypto currency has no backdoor and can NOT be accessed as seen by the failure of the Canadian government' attempt on the seizure of BITCOIN trucker funds;
- Given the co-founder of FTX, Gary Wang, created a 'secret' backdoor to funnel money to Alamedia Research as told by Attorney Andrew Dieterich in bankruptcy Court – resulting in a huge money laundering operation;
- The International Monetary Fund (IMF) Deputy Managing Director Bo Li says, “Central Bank Digital Currencies can be programmed to determine what people are allowed to buy and should be used along side a China-style Social Credit Score system”;
- FACT: CBDC is a back-doored crypto currency that will be used as a tool for bail-outs, bail-ins and compliance, Carbon Taxes, etc;
- The head of the WEF, Klaus Schwab and author of the book "Covid-19: The Great Reset" writes about a private foreign corporate plan for a New World Order – which involve a banking crisis and the use of a centralized controlled banking system;
- The government of Canada being infiltrated by members of the World Economic Forum are pushing a UN (United Nations) foreign private corporate agenda to set up an unelected fascist New World Order with the aid of CBDC;
- Scenarios for the Future of Technology and International Development, written in 2010 by the Rockefeller Foundation, page 18 Lock Step – depicts a Banking Emergency resulting in fascist New World Order control;
- Under civil law - ownership is a right whereas in CBDC - the owner becomes the subordinate - seizure of funds is a form of servitude;
- Under Maxims of Equity and the International Covenant on Civil and Political Rights - Article 8, to deny access to citizens funds is a form of slavery;
- Canadian citizens are against this banker hegemony and the predominance of one class over others;
- Canadians are not willing to hand over our right to own property (money), privacy, security, our sovereignty, or any rights and freedoms to foreign interests – regardless of any such Banking Emergency Contagen;
- Canadian Citizens want a hard asset based banking system such as Gold – that cannot be subverted and manipulated by a foreign group – and reject any Central Bank controlled fiat crypto currency;

We, the undersigned citizens and residents of Canada call upon the House of Commons and the Senate to:

1. Desist implementing the private foreign corporate UN, WEF, Klaus Schwab Great Reset in Canada;

*2. Call upon the **Finance Minister, Cristia Freeland**, to publicly commit to uphold The Charter of Rights and Freedoms and the Canadian Bill of Rights;*

*3. Call upon all **Members of Parliament** to follow Canadian Law and represent your Constituents instead of foreign corporate private interest;*

Canadians feel our government has been following a foreign corporate unconstitutional agenda and demand the laws of Canada be followed instead.
